New Eva / Genève 2025

Rencontre annuelle AVOs et teachers

Vendredi 20 juin - Samedi 21 juin - Dimanche 22 juin

A weekend filled with interesting conversations, delicious food and wonderful encounters with the elderly, rounded off with lots of music.

Sarojini Pillay gave lively insights into the philosophy of the “Habitat évolutif pour seniors Adret” house and her personal concept of life. Vicki de Klerk informed us about the status of the VTI's work on the certification of basic courses as a pathway to the Level 1 validation course according to Feil.

In the working groups, we were able to discuss, network and plan individually on various topics. And by “sharing while learning”, everyone ended up with a successful level of knowledge!

Language barriers? We accepted the challenges and people with a passion for the unifying topic were able to overcome them thanks to linguistically skilled colleagues and non-verbal communication.

merci – thank you – Danke –

Grazie – gracias –

we are looking forward to

Vienna 16.-17.10.2026
